Parking Information and Instructions

There is very limited parking at the Village hall so please be aware that most of you will need to park on the road leading to the Village hall. There is ample space to park on Longwood road, but be aware that surrounding the Village hall is residential so please make every effort to avoid parking which would inconvenience the village residents. If we make enemies here we won't be coming back so bear that in mind please.

Course Information

The course will be **neutralised** as we roll out along Longwood Road toward the crossroad with Belmore Lane. At the Crossroad we will turn right onto the course and racing will be **de-neutralised**. Immediately after the crest of the first hill is a **tight right hand downhill corner**, be sure not to cross the central line here as oncoming traffic is fast here and will really spoil your day! After a series of rolling hills on Belmore Lane we turn left into Salt Lane to climb up to the Milbury Pub Crossroad. The road surface on this section is heavy going and **rutted in places** near the gutter so be aware. Upon cresting the Salt lane climb you will cross the finish line for the first time. Turn left at the Crossroads and into a **fast downhill** section of road which then rears up again as we climb up toward the crossroads with Longwood Road, this **corner can be loose** so caution is advised. At the crossroads turn left into Longwood Road and downhill toward the Crossroad with Belmore Lane to complete the first lap. **The race will cross the finish line 6 times in total, the 6th time being the finish of the race.**

All of the junctions will be marshalled and motorcycle escorts will be in attendance to maximise rider safety but please be aware that this course is on rural roads with many blind crests and fast travelling traffic so it is imperative that nobody crosses the white line at any point!
